# The Biggest Test Of All

Do you know how your high school graduates progressed in higher education?

StudentTracker<sup>SM</sup> can answer these questions for you.

#### How many of your students...

- Enroll in college for the immediate fall term?
- Currently hold degrees?
- Persist from freshman to sophomore year?
- Return to college after stopping out?
- Go to an in-state versus out-of-state institution?

...and much more.

# StudentTracker for High Schools<sup>SM</sup>

**StudentTracker** enables you to follow your students anywhere in the U.S., no matter how far they go. With the only national database of student enrollment and degree records, you can be sure you'll receive reliable, real-time information on your students – including dropouts, transfers, and out-of-state enrollments that are often difficult to track on your own.

## Benefits to High Schools and Districts

### Identify top enrollment trends

Receive 32+ color charts and student-level statistics, which show trends for in-state vs. out-of-state, 2-year vs. 4-year, private vs. public, and the most popular colleges.

### Receive real-time student updates

Our StudentTracker service offers real-time information, so you'll be the first to know when students graduate, change colleges, or drop out.

### Track historic graduates

View up to eight years of graduates at a time, comparing the enrollment rates of different classes. Plus, you can request data for historic graduates, no matter how far back they go.

### Combine with your own research

The Clearinghouse saves you money and time by providing essential student-level detail data that you can use as a baseline to produce your own longitudinal studies.

Experience StudentTracker,  
the #1 source for nationwide  
student outcome reporting

## COMING SOON!

### New Data Elements

The new StudentTracker reports will incorporate new data elements, so you can learn the college-going rates by gender, ethnicity, economically disadvantaged status, and much more.

For instance, you'll be able to:

- Learn the percentage within each category that went to college
- Identify the trends and view comparisons

### Online Web Tool

Benefit from an interactive online experience with our new Web-based home page customized to your account. Here, you can easily look up your subscription terms, view a history of data submissions and reports, find helpful resources, and much more.

Stay apprised of progress on the new features and enhancements coming to StudentTracker on our Web site below.
